PLEASE BRING THIS CATALOGUE TO THE SALE

~ INVITATION ~

On behalf of myself, Rebecca, Riley, Jack and Harry, I take great pleasure in extending an invitation to our Inaugural Dunlop Santa Sire Sale to be held at "Jingeri" on Saturday 7th September. While this may be our first on-property sale, DUNLOP STUD has been selling seedstock since the 1990's, and breeding Santa Gertrudis for well over 50 years. Four generations of Dunlop's have been involved in this great breed.

While Rebecca and I are the principals of DUNLOP STUD, a large portion of its success can be attributed to my parents Lance & Helen. Lance quickly identified the superiority of the breed, first purchasing Santa genetics in the late 1950's and holding the course ever since. While not one who seeks recognition Lance is acknowledged by many as a fine judge of a beast who not only has the ability to pick them, but to breed them as well. Dad himself has no great desire to be involved in the studstock industry, however he has always strived to purchase the best that it could produce. When I first established the stud he did make the comment "you are bugging up those good show bullocks by leaving the stones in them". Since then we have sold several of these "bullocks to be" for well over \$20,000, something that I see as recognition of several decades of his superior selection.

We are firmly in touch with the commercial side of the beef industry as this is the bulk of our operation and the stud is simply a collection of elite animals derived from this commercially focused herd. The Dunlop family runs some 1400 purebred females across several properties in the Brisbane Valley and South Burnett. Of these females, approx. 500 are classified.

Something I see as unique to our stud operation is that 100% of the breeders are run on ticky forest country. While this may disadvantage us in comparison to most other seedstock producers, we believe it is of advantage to our clients as most of the bulls will be going back to what we consider "breeder country" and not "scrub/bullock" country.

We are continually trying to maintain and improve our cattle in areas such as carcass, temperament and fertility. Running many

*10th Rosevale Sale 1966
George Greenup, Lance Dunlop and Arthur Bassingthwaite.*

breeders on light sandy granite country makes us very conscious of constitution or "doing ability" which has great bearing on fertility rates. Beef production is a business and when margins are tight, every calf on the ground and every Kilo counts.

Dunlop Stud has enjoyed many successes in the show ring both locally and regionally. The prefix claimed Reserve Junior Champion Bull on two occasions at Brisbane Royals along with the Supreme Tropical Exhibit on more than one occasion at Proston Show.

Our Stud has also enjoyed sale ring success with many of our bulls currently in use in leading herds both here and interstate. Highlights include Kalahari for \$28,000 and Himalaya for \$15,000 to the Dangarfield Stud, Taroom. The \$22,500 Fraggie to the Yugalbar Stud, NSW the \$19,000 sale of Freestyle to Yarrowonga Stud in the same year as was the \$18,000 Fahrenheit to Watasanta Stud, NSW. In 2004 we sold the \$20,000 Elmo sold to Yarrowonga Stud and the \$26,000 Donk sold to Dangarfield Stud.

Repeat buyers of larger lines of our bulls is possibly more satisfying, they've gone to areas such as Stonehenge, Richmond, Julia Creek, south of Birdsville and places closer to home such as Taroom and Kilcoy.

This year we offer 80 rising 2 year old bulls from 30 different sire lines. This broad genetic diversity makes it possible for clients to continually return to select replacement sires without the fear of becoming genetically “bound up” or inbred. While we retain several of our best young bulls every year, we still continually source new blood from several other breeders.

We try to implement an annual AI programme, seasons permitting which usually involves 100 females comprising ‘top end’ maiden heifers. Fifteen of this year’s bulls are as a result of AI programme including sons of Tyndale Energiser (P), Dunlop Kalahari, Wilgaroon Grand Duke (P), Waco Landlord (P), Dunlop Elmo (P) and Ibrox Park Atlas.

While we do single sire mate several mobs of cows, we believe that our multiple sire herd is a great strength. Due to the size and topography of many paddocks, along with the availability of surface water, multiple joining of larger mobs is more practical than single siring. This also creates a form of natural selection with the most active bulls getting the majority of calves. These bulls will most likely have had to cover considerable area and distance before fending off other competitors and then “settling” the cow. The quality of sires used in these multiple sire herds is of a very high standard. At present there is 15 bulls purchased from between \$10,000 and \$20,000 active in these herds along with several carefully selected homebred sires. These elite bulls are also the sires of many of the females that may be recorded as having multiple parentage.

As stated earlier, all sale bulls were bred on ticky forest country. They were weaned and assembled at “Jingeri” where they continued their education to horses, dogs and boisterous young boys. They were then shifted to “Kia-ora” where they enjoyed the tail end of the oats crop. Kia-ora is better type scrub country which allows us to grow out our younger bulls without supplementation, something that could not be achieved on the spear grass and cane grass. The bulls endured a tough, dry Spring/Summer until flooding rains began on Australia Day. While we went from one extreme to the other, we were much happier with the second. The Lab Lab crop that was in the ground

was yellow from moisture stress and remained yellow from “wet feet”. This soon rectified itself with the bulls able to go onto the crop in March. The mob of 130 accounted for the feed relatively quickly, however it give them a much needed nutritional boost with the compensatory gain being quite evident. The bulls did get a little hungry while waiting for the oats crop which they went onto on the 14th June. Once again they began to power ahead. In the interests of full disclosure, the bulls have also had access to a grain based ration at the commencement of grazing the oats. Due to the abundance of oats they have shown little interest in this supplementation, consuming an average of 4-5kg/head/day. With the bulls appearing to be doing exceptionally well on the green feed we removed this supplementation at the end of July. By sale day they will have had 85 days on oats with all bulls being run in the one mob in the one paddock for this 85 days.

At the time of printing, the annual torment to both bulls and humans has begun, with a multitude of vaccinations, semen tests, and scanning’s underway. In an added effort to provide fully fertile bulls, this year we have conducted a more in depth analysis of each bulls semen, through a semen morphology test.

In an effort to help purchasers of our stock we are offering free delivery locally, as well as to destinations en route to Charleville, north to Charters Towers, and south through the Brisbane Valley. Please feel free to contact us in regards to this offer.

With four generations having been involved in the Santa Gertrudis breed, and more importantly the quest to produce quality beef cattle, this sale is simply a culmination of all the hard work that has been put in not only by ourselves, but also by Lance, Helen & Karen, as well as my grandparents Aubrey and Doreen Dunlop who have gone before us.

Once again, we would like to invite you to “Jingeri” on Saturday the 7th of September to inspect our line-up of bulls and more importantly, enjoy a cold beer, steak burger and some good company.

Regards
SCOTT DUNLOP

~ SIRES ~

Past ~ Present ~ Future

Approximately 50 sires are utilised annually across the Dunlop family property's, so as you can imagine, hundreds of bulls have been used from a wide range of suppliers over the years. Some of these studs include

Yarrowonga, Waco, Rosevale, Eidsvold Station, Dangarfield, Glenn Oaks, Glenview, Hardigreen Park, Greenup, Wave Hill, Warenda, Balgree, Cardona, Moongana, Oakdale, Dundee, Kendara, Gylanda, Cooinda, Ibrox Park, Warrillee, Santa Park, Diamond H, Strathmore, Drensmaine, Tyndale.

Over the many decades we have purchased over 50 bulls from some of these individual studs.

Unfortunately we do not have photographs of many of the sires, we have included a few of the ones we do have.

YARRAWONGA MERCHANT (P)

Purchased for \$30,000. Has produced many quality sons selling to a top of \$22,500 with 6 selling for greater than \$15,000. While now deceased, his legacy lives on with many valued females still breeding. His greatest attributes were his growth, doing ability, fine skin, and above average scrotal.

YARRAWONGA YARDSTICK (P)

We were surprised to purchase this bull for only \$10,500 this supported by the fact that we were offered considerably more for him not long after his purchase. While we were looking to introduce more poll genetics into our herd, we were not willing

to sacrifice growth, bone or looseness of skin. Yardstick (P) has all of these. He also has an exceptional temperament. We thought enough of him to single sire him. There are many bulls that cost much more are not afforded this privilege and reside in the multiple sire paddocks.

DUNLOP FONZARELLA (P)

Fonz is a son of the well performed Yarrowonga Merchant(P). He was retained for his poll genetics, tidy sheath and excellent temperament. His greatest asset however, would have to be his softness and ability to lay down fat easily. Fonzarella's sons have sold to \$9,000.

DUNLOP HIGHLANDER

The gentle giant. A son of the well credentialled Waco Landlord(P). At just under 2 years of age he weighed in at 943kg with an EMA of 134. An incredibly quiet bull who carries a massive amount of beef in his hindquarter. He has the desirable quality of both high muscle and high fat. All this stands on heavy bone.

HARDIGREEN PARK LANDMARK

Purchased at the Santa Central sale for \$10,000, A bull that we thought we would have to pay much more for. A massive deep bodied son of Warenda Rolex. At 3 years of age he weighed in at 1212kg with a 45cm scrotum and a 141 EMA with 18mm rump fat. His scale and softness are two of his greatest qualities.

HARDIGREEN PARK KUDOS (P)

A deep bodied poll son of Kelly-Wallah Dolicus(P) who was purchased for \$21,000. Unfortunately he died prematurely. His top selling son went to the Graylyn Stud. We do have several quality daughters in the herd, a number of which are due to calve to A.I. sires this spring.

DANGARFIELD RAYMONDO

An extremely large framed, dark coated son of Dangarfield Lieutenant that was purchased for \$10,000. He also has a very tidy underline and an exceptional nature.

DUNLOP ELEPHANT (P)

GLENN OAKS A62

A large framed son of Yarrowonga Outrank(PS). A stylish bull with good Santa characteristics and a tidy sheath. His most noted son is DUNLOP KALAHARI who sold to Dangarfield at the 2010 Santa Central sale for \$28,000 (top priced horned Santa for 2010)

DIAMOND H G209

Purchased for \$11,000. A very tropical bull with a sleek skin

WACO URALLA

A multiple sire bull purchased for \$13,000. Large deep bodied bull with exceptional raw data.

CARDONA INDIANA

A \$15,000 sire purchased for his exceptional growth and weight for age along with his exceptionally quiet nature.

DUNLOP ICON (P)

One of the biggest sires currently in use. He is big, deep, polled, very quiet, with large testicles and a fine skin

EIDSVOLD STATION B532

Was another \$10,000 purchase which is utilised in the multiple sire herd at "Jingeri". A dark, easy doing bull with high growth and desirable Santa Gertrudis Characteristics

GREENUP EXCALIBUR E18

A son of RNA Grand Champion Wilgaroon Jester(P). He is the top 1% of the breedplan recorded part of the breed for 600 day growth and EMA. He throws large amounts of muscle, combined with large testicles and clean underlines.

OAKDALE ACORN

Top priced bull at the Heartland sale in the year he was sold. Several sons have sold into studs including Dunlop Kaiser sold to Glenn Oaks. Here he has sired sons which are in the show team.

WACO SCROOGE

Purchased for \$11,000 for use in the "Jingeri" multiple sire herd.

ROSEVALE X-HIBITIONIST B98

A \$10,000 purchase that has been utilised in the multiple sire herd at Esk for many years. He is a deep bodied bull with a large scrotal.

YARROWONGA ARTIST (P)

A big heavy boned poll bull with good softness. Purchased for \$16,000.

DUNLOP F12

DUNLOP F28

DUNLOP F38

DUNLOP F226

EIDSVOLD STATION FIDDLER (PS)

A powerhouse of a bull with a deep body and exceptional finishing ability.

DRENSMAINE WOODSTOCK (P)

A poll bull with great length of body. He has a very strong muscle pattern along with a 45cm scrotum

DANGARFIELD U.2. (P)

Purchased in 2012 for \$16,000. By the now well known Dangarfield Quarterback(P) and out of a cow by Dunlop Donk who was purchased by Dangarfield for \$26,000.

SIRES USED THROUGH ARTIFICIAL INSEMINATION

WILGAROOON GRAND DUKE (P)

Grand Duke (P) is an ET son of Waco Knight(P) out of well performed Murrumbo Sapphire(P). He is quiet slick skinned animal who is structurally correct

WACO LANDLORD (P)

Grand champion at both Brisbane and Sydney Royals. Landlord is a high growth bull with a lot of muscle. Yarrowonga/Waco has sold over 50 bulls by him to average close to \$6,000. This does not include the sons which they have kept for their own use.

Many other studs have also used him with great success. Sons have sold to \$36,000.

DUNLOP KALAHARI

Kalahari was sold to Dangarfield in 2010 for \$28,000, the top priced horned Santa for the year. Kalahari has an impeccable temperament, something which he has passed onto his progeny according to the Adams family.

His son in this sale at lot 10 also has his fathers temperament along with his smooth solid carcass.

IBROX PARK ATLAS (ET)

An older bull bred in the late 1980's. We purchased semen from the Harris family when they were dispersing the Ibrox Park Herd. He is reputed for his length and breed character. We only have one son by him at lot 9 and we think he is a ripper. He has good old fashioned length, bone and character combined with muscling, an excellent nature and a clean underline.

GLENN OAKS BRAVEHEART

Braveheart was sold at the Santa Central sale for \$37,500. At sale time he weighed 903kg at 21months of age. He is a bull with good weight for age, strong bone and a docile temperament.

He has had sons sell to a top of \$42,500. Braveheart is now deceased.

TYNDALE ENERGISER (P)

PHOTO

A fine skinned poll bull loaded with weight and muscle. He sold for \$16,000 to the Rockingham stud. Topping the Heartland sale in 2011.

DUNLOP ELMO (P)

Was a poll son of the \$30,000 Yarrawonga Merchant (P). Elmo (P) sold to Yarrawonga/Waco for \$20,000 with a semen share being retained.

WACO INVENTOR (P)

Livestock Sales Management

Ray White.

AUCTION TERMS & CONDITIONS

QUEENSLAND LIVESTOCK AGENTS ASSN LTD

STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 - (a) All Sales will be conducted on the basis that the bid price will be exclusive of Goods & Services Tax (GST). GST will be added to the bid price after the fall of the hammer for those sales subject to GST.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore, to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may be occurred.

AUCTION TERMS & CONDITIONS

- (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
 - (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
 - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

AUCTION TERMS & CONDITIONS

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
(b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
17. **GUARANTEES OF FERTILITY:-**
- 17.1 **BULLS.** Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2 **FEMALES.** Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
- 17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
- 17.4 **LIABILITY OF A VENDOR.** Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.
- 17.5 **REFUNDS.** In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.

AUCTION TERMS & CONDITIONS

- 17.6 This guarantee shall be voided by the purchaser if -
 - (a) The animal is returned to the vendor -
 - (i) in poor physical condition or with any injury;
 - (ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
 - (b) the purchaser has collected and stored semen from a bull or embryos from a female.
- 17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.
18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
19. **DELIVERY** - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
20. In these Conditions:-
 - (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
 - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
 - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
 - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

IMPORTANT NOTICE

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
